Here are 46 of the Democrat Party's Policy Initiatives they will push if they win the 2026 election:

FORCE EVERYONE ONTO GOVERNMENT-RUN HEALTHCARE:

1.] **Require** everyone to enroll in government-run healthcare – Medicare for All.
2.] **Outlaw** all private health insurance.
3.] **Ration** healthcare especially to seniors to control cost. This will create long lines and long waits to see doctors and receive treatment.
4.] **Give** taxpayer-funded healthcare to illegals who do not pay into the system.
5.] **Empower** government bureaucrats who will decide who is your doctor and what hospital you can use, whether you can get certain medicines, and whether you can have or are denied life-saving surgery.

Paid for by FedUp PAC, www.FedUpPAC.org. Not authorized by any candidate or candidate's committee.

CONSOLIDATE POWER:

6.] **Pack** the Supreme Court with radical liberal/socialist justices to legalize their socialist/communist agenda.
7.] **Pressure** Big Tech to censor conservative free-speech and expression.
8.] **Abolish** the U.S. Senate Filibuster. This would allow for the 51% in Congress to dictate to the 49% minority. This would abolish our liberties and freedoms.
9.] **Supercharge** the IRS. Expanded enforcement would be aimed at middle-class taxpayers and political opponents. Ask yourself something; why did so-called "Special Council" Jack Smith under Joe Biden collect the personal information on some 600,000 Americans who purchased MAGA hats?

ILLEGALS OVER AMERICAN CITIZENS:

10.] **Reopen** the southern border to a flood of tens of millions of unvetted illegal aliens to freely enter the United States.
11.] **Abolish** or severely reduce ICE funding. This would gut immigration enforcement and halt deportation of criminal illegal aliens.
12.] **Give** taxpayer-funded free benefits to illegal immigrants, such as college, healthcare, housing, food.
13.] **Promote Mass Amnesty**. Grant tens of millions of illegal immigrants' citizenship and voting rights to help Democrat candidates get elected and re-elected to office.
14.] **Promote** more cities and states to become Sanctuary Cities for illegal aliens.

INCREASING ANTI-LAW ENFORCEMENT POLICY:

15.] **Reduce** the number of policemen and cut their funding.
16.] **Threaten** ICE and Homeland Security agents with jail time for doing their job of arresting and deportation of criminal illegal aliens.
17.] **Shorten** the prison sentences of many criminals.
18.] **Repeal** the 2nd amendment and outlaw private ownership of guns, allowing criminals to have a freer hand in terrorizing law-abiding citizens.

ERASE TRADITIONAL JUDEO-CHRISTIAN AMERICAN VALUES:

19.] **Promote** the passage of laws allowing men and boys who claim to be "transgender" to play on girls' and women's sports teams. To date, some trans males have seriously injured their female counterparts in sporting events.
20.] **Allow** men and boys who say they feel like they are female to get unrestricted access to girls' and women's locker rooms, bathrooms, and showers.
21.] **Pass** laws to protect doctors who permanently castrate teenage boys and remove girls' breasts who are confused about their gender and keep it a secret from their parents.

22.] **Allow** minors to receive transgender hormone therapy through their school and keep it a secret from their parents.
23.] **Approve** of Drag Queen instructing America's school children about sex.
24.] **Use** public schools to indoctrinate children with LGBTQ+ agenda and promote gender transitions.
25.] **Legalize** abortion up to the moment of birth and force taxpayers to pay for it.
26.] **Bring back** DEI and radical curricula. This would push race- and gender-ideology programs in schools and government agencies.

RIG AND CONTROL NATIONAL ELECTIONS:

27.] **Abolish** the Electoral College. To assure states with large Democrat populations (like California, New York, and Illinois) and histories of corrupt elections always decide who's President.
28.] **Oppose** voters showing identification to vote to make it easy for illegals and other non-citizens to vote, making election theft possible.
29.] **Add** Washington D.C. and Puerto Rico as states. That would add four more permanent Democrat U.S. Senators to help Democrats pass their socialist/communist/radical Muslim agenda.
30.] **Federalize** elections. They would override state voter ID laws, expand mail-in voting and ballot harvesting, and weaken election integrity.
31.] **Support** efforts to lower the voting age to allow 16-year-olds to vote.
32.] **Push** for measures allowing convicted felons to vote in elections.

ELIMINATE FOSSIL FUELS:

33.] **Eliminate** fossil fuels. Cause energy prices to skyrocket by outlawing fracking and halting offshore drilling, forcing America to rely on windmills and foreign oil from dangerous parts of the world.
34.] **Ban** gas-powered cars and trucks, forcing you to buy and drive expensive and unreliable electric vehicles.
35.] **Pass** legislation that will reduce your use of air conditioning and heating resulting in higher energy costs.
36.] **Revive** the Green New Deal. Forced mandates on cars, appliances, and energy production that would drive up gas, heating, and electric bills.

WEAPONIZE THE FEDERAL GOVERNMENT:

37.] **Impeach** President Trump on hoaxes and fake chargers.
38.] **Bankrupt and jail** President Trump and his family.
39.] **Bankrupt and jail** many of Trump's Cabinet members, White House aides, and close advisors.
40.] **Investigate** the Trump Administration nonstop, including a flood of subpoenas and endless hearings targeting cabinet officials, appointees, the President and his family, freezing the White House agenda.

THE RETURN OF ALL THINGS BAD:

41.] **Indoctrinate** America's youth by giving more federal funds to the socialists and Marxists running most colleges to lure even more young Americans into the Leftist indoctrination mills with promises of free tuition.

42.] **Cancel** college debt to buy the youth vote forcing those who did not go to college to have to pay for those who did.

43.] **Cut off** all aid to America's ally Israel making them vulnerable to attacks from their terrorist neighbors.

44.] **Force** our military to focus on homosexual issues and radical sensitivity instead of winning wars.

45.] **Massively** raise taxes on working families. They could roll back the Trump tax cuts and impose new taxes on income, savings, and small businesses.

46.] **Award** Reparations. Force Americans to pay for sins/crimes they did not do and happened over 160 years ago will only create more division in America.
